

WNTC Schedule

In the near future a new student service program will be offered through the facilities of WNTC. This will be the Student Union News program. Be sure to watch for it.

Some of WNTC's programs with which you were familiar with from last year are now to be found listed with new names. For instance last year's B. of G. news is now incorporated, along with other news happenings on the show, Campus News. There are also a good number of new record shows. World of Music, a classical and semi-classical show, is a presentation of RCA Victor. Each week WNTC selects a top ranking name band and gives you thirty minutes of popular music on Band of the Week. To find out when these programs will be offered consult the WNTC Broadcasting Schedule in the Integrator.

For a week now WNTC's Director of Announcers has been feverishly scheduling prospective announcers for their tryouts. All tryouts are to be completed by Friday, Oct. 9.
